Preface XIII

List of Contributors XV

Introduction 1 Niels Behrendt

1	Matrix Proteases and the Degradome 5
	Clara Soria-Valles, Carlos López-Otín, and Ana Gutiérrez-Fernández
1.1	Introduction 5
1.2	Bioinformatic Tools for the Analysis of Complex Degradomes 6
1.3	Evolution of Mammalian Degradomes 8
1.3.1	Human Degradome 8
1.3.2	Rodent Degradomes 10
1.3.3	Chimpanzee Degradome 10
1.3.4	Duck-Billed Platypus Degradome 11
1.3.5	Other Degradomes 12
1.4	Human Diseases of Proteolysis 13
1.5	Matrix Proteases and Their Inhibitors 14
	Acknowledgments 17
	References 17
