Countries included in Europe

For the purposes of Wiley-VCH and Ernst & Sohn pricing, Europe includes the following countries:-

All institutional customers will be able to choose between online-only, print-only, or online & print combined subscriptions. Online access will be available under a Basic Access License (BAL, for single site customers) or an Enhanced Access License (EAL, for multi-site customers and consortia).

Basic Access License (BAL)

BALs are available for single site customers only, as online-only subscriptions or as part of online & print combined subscriptions. The price for online-only will be the same as for print-only, excluding shipping costs if applicable. The price for the online & print combination will be 10% higher than for print or online alone.

Customers wishing to view prior years are able to at a discounted price. Please contact Customer Service for further details.

Enhanced Access License (EAL)

EAL customers are entitled to print copies of licensed journals at a Deep Discounted rate. These are described as Disc Print in the media column for every title available.

All price negotiations for an EAL is direct between the customer and Wiley. However, should an agent be contacted by a customer, to pay their Enhanced Access License, on their behalf, please contact us for further information about how to proceed.

VAT & Other Taxes

On the 1st July 2003 the countries of the European Union introduced a major change to VAT law for the sale of electronic product. This all encompassing law now includes vendors / providers outside the EU that were previously exempt from tax. VAT is now chargeable at a rate appropriate to each country, determined by the customer address, on electronically supplied goods and services. However, the provisions of the Business to Business (B2B) section states that if you have supplied Wiley with your VAT registered number, there will be no VAT charge. In addition there will be no charge where an organisation is entitled to exemption but you will need to supply Wiley with proof of such appropriate exemption.

Individuals and businesses that are not registered for VAT that are in the following countries will be charged the appropriate country VAT rate on the date of invoicing on the electronic element of their billing. All P+E prices will be split equally for the print and electronic elements. At the time of going to press those rates were as follows commencing 1st January 2007:

Austria	20%
Belgium	21%

Opt-in Titles for 2007

FTE Titles and Information

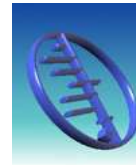

A new pricing model is being introduced for new journals. The new model will replace the existing Full rate price with three new (tiered) FTE rates. The appropriate rate for a subscription will be based on the number of Full-time employees (FTE) of the (End User) customer.

There are three FTE types - Academic Institutions, Corporate/Governments or Hospitals. They will be split into three sizes of Small, Medium or Large. Below is a table providing the number of employees for each type and their ranges.

Customer Type (FTE)	FTE Band	FTE Range: From	FTE Range: To
Academic	Small	1	10.000
Academic	Medium	10.001	40.000
Academic	Large	40.001	-
Corporate/Government	Small	1	1.000
Corporate/Government	Medium	1.001	10.000
Corporate/Government	Large	10.001	-
Hospital (USA, UK, Australia & New Zeland)	Small	1	99
Hospital (USA, UK, Australia & New Zeland)	Medium	100	250
Hospital (USA, UK, Australia & New Zeland)	Large	251	-
Hospital (Rest of World)	Small	1	99
Hospital (Rest of World)	Medium	100	500
Hospital (Rest of World)	Large	501	-

Titles that will be following the FTE model for 2007 are as follows together with the FTE pricing
