Wiley Online Library
We are constantly launching new and improved features across Wiley Online Library, to help make our content more connected, more readable and more useful.

Take a look below at just some of the new features that are available across our journal content, at no extra charge:

Anywhere Article
Anywhere Article is focused on making our online journal content easy to digest, whatever screen size you might be viewing it on, with additional information just a click away. It features:

Readability - A streamlined layout and clean design.
Functionality - An interactive sidebar that offers easy access to citations, which then link to the relevant articles and supporting data as well as a figure viewer that allows readers to browse and download an article’s full set of figures.
Mobility - The responsive HTML article will adapt to any device, desktop, tablet or mobile - to give the optimal reading experience, wherever the reader is.

Altmetric
Article level metrics - all in one place. Provided through Altmetric, look out for the badge that can tell you all kinds of useful additional information about the impact of individual articles has had across social media, and beyond.

readcube
Wiley Online Library in conjunction with ReadCube, now offers a connected, enhanced PDF for journal articles, offering hyperlinked citations, integrated supplements, figures and other valuable article data, all just a click away.

Make sure you try out the new features for yourself, by checking out some of our Open Access journal content, and see how they can connect you to the wider world of research.
