

## Advanced Functional Materials

### Scope

*Advanced Functional Materials* publishes full papers, feature articles, and highlights on innovative and exciting research in all areas of materials science. It is one of the highest impact peer-reviewed, primary materials science journals. Truly international in terms of both its authors and readership, it contains high-quality, in-depth reports on the advances being made at the forefront of the interdisciplinary development and application of functional materials. Increased ISI Impact Factor (2008): 6.808

Special Offer: *Advanced Functional Materials* and *Advanced Materials* are available as a combined package. Benefit from a 10% discount off the regular subscription rate.

### Readership

Materials scientists, chemists, physicists, ceramicists, engineers, metallurgists
