Approx. € 179.00 / £ 150.00 ISBN: 978-1-118-47541-6 Weblink: http://www.wiley-vch.de/publish/en/books/ISBN978-1-118-47541-6/ . Bringing together both Latin American and Latino Art issues in a single text . Cohesive critical methodology throughout (social art history, neo-Marxism) . Polemical proposals by its various authors . New research data regarding Latino Art in the USA Negative criticism will be from the elitist Latin American modernists on one side, and the extreme populism of the Latino scholars on the other	
	Allen, C. (ed.): A Companion to Australian Art Series 'Blackwell Companions to Art History' 2021/02. HC. If it attracts criticism, it may be from those who think that academic history should be written in turgid academic jargon, or should adopt self-conscious ideological postures... or who disagree with my criticism of the art market and the contemporary art industry.

The only criticism I expect, apart from reasonable and reasoned differences of opinion, is from Hershel Parker, who has the reputation of making personal and ad hominem attacks on other Melville scholars. Publishers and editors in the field who are not aware of his behavior will want to learn for themselves about his attacks and to make sure that he is not asked to blurb or review the book.
